Examiner's Statement of Reasons for Allowance

1. Claims 20-39 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements as recited in claims 20, 29 and 37:

The present invention is directed to a method for shading a three dimensional textured computer graphic image.

Independent claims 20, 29, and 37 are identified the uniquely distinct feature "providing a set of surface normal vectors corresponding to the texture data for image, wherein the surface normal vectors are stored in a local two dimensional coordinate system, and an individual surface normal vector from the set of surface normal vectors is assigned to each pixel".

Claims 21-28 are allowed for depending on claim 20.

Claims 30-36 are allowed for depending on claim 29.

Claims 38-39 are allowed for depending on claim 37.

The prior arts fail to anticipate or render the above underline limitation obvious.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
